Republik Indonesia tersebut, sesuai dengan  
luas negara.

Figure 1 consists of seven diagrams labeled (a) through (g), showing the progressive growth of a dendritic network. Each diagram depicts a central cell body (soma) with multiple branching structures (dendrites) extending outwards. The diagrams illustrate the following stages: (a) Initial state with a few dendrites. (b) Growth of more dendrites. (c) Formation of a more complex network. (d) Further growth and branching. (e) A more dense network. (f) A very dense network. (g) A highly complex, interconnected network of dendrites.
